S i r :

We thank the examiner for according Counsel a telephonic interview on January 18. At the interview, the restriction was discussed, and Examiner Lundgren indicated that election of benzodiazepines of less than 500 daltons would be responsive.

We trust that if the examiner makes an Interview Summary Record for the January 18 interview of record after the filing of this statement, that we do not need to file any further comments thereon.

Respectfully submitted,
